

DUNKLEY'S (Lakeside)

In 1925 Ivor Dunkley was running his haulage business from Fryern House, Worthing Road. He was still living there in the 1935, although by 1927 he had moved his business to Station Road where he built a garage for his haulage and coach operation. He later built a house there for himself and his family.

The site is now a modern development called Lakeside.

(1936)

84 children with 19 mothers attended the Sunday School Treat. The adults contributed 2/6d and the hire of Mr Dunkley's four coaches cost £ 10
